The hotel was developed with a total built surface of 20.021 sqm, with an exterior treated area of 19.000 sqm. Designed with a total of 150 rooms, distributed in 3 floors above ground level. A game of volumes and height in this facade gives the complex the aspect of the traditional architecture of the south of Spain along its pathways.

The building is organized along a succession of courtyards in different areas for relaxation and enjoyment of leisure (gardens, swimming pools and water slides) and the main spaces of relationship as:

- Main access Courtyard
- Hall-lobby
- Indoor Courtyards
- & loggias
- Restaurants
- Spa

Effort was focused in the design to enhance the views from all rooms to the sea, and the enjoyment of exceptional scenic environment in which it is located.
