In the touristic area of Meloneras, in the municipality of San Bartolomé de Tirajana is located the Pasito Sector, a site that will integrate the two Luxury Pasito Complex: Pasito Blanco to the left of the side & Pasito Lux to the right.

Pasito Lux will be developed in the North East side of the plot building aprox. 32.800m² of Hotel & Spa, with amenities as 3 different restaurants, 2 bars, Spa, Gym & Yoga Pavillion and several Pools. There is playful kids area and adult restricted area.

Also, some of the rooms will have private pools or swim-up with direct access to Main Pools.

The project is developed in different buildings connected to each other and adapted to the slope of the site enhanced with a landscape designed and inspired in the typical island nature.

The architecture combines the tradition of colonial style and the local materials with a functional image, and a very studied interior design.
